

ReferenceCountedObject

```
classDiagram
    class ReferenceCountedObject
    class WifiAccessPoint
    WifiAccessPoint --|> ReferenceCountedObject
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'ReferenceCountedObject'. Below it is a box labeled 'WifiAccessPoint'. A vertical arrow points from the 'WifiAccessPoint' box up to the 'ReferenceCountedObject' box, indicating that 'WifiAccessPoint' inherits from 'ReferenceCountedObject'.
